Unique in the world, alpine-urban and with endless design possibilities - for a winter holiday that will be remembered.

Ski meets lifestyle – also for families

The SKI plus CITY Pass Stubai Innsbruck combines the best with the best: mountain and city as much as you want and as often as you want - directly accessible and experienceable. Completely independent of snow and sun, spontaneous and suitable for every requirement and taste. The ski enthusiasts enjoy the slopes of **12 ski areas**, culture enthusiasts and city fans live out their lives in the museums, alleys and shopping streets of Innsbruck. Because what can and must a holiday be today? A lasting experience with an individual touch. This also applies to families: the pass is a fantastic way to offer the kids a varied and exciting winter holiday.

This is guaranteed by **Axamer Lizum, Innsbruck Nordkettenbahnen**, the **Patscherkofelbahn, Rangger Köpfl, Muttereralp, Kühtai** and **Hochoetz** as well as **Glungezer** near Hall in Tirol. In addition to these resorts, the pass also includes **four ski areas in the Stubai Valley – Schlick 2000 ski centre, Serlesbahnen, Elferbahnen** and **Stubai Glacier**. Further, Patscherkofel and Rangger Köpfl provide night skiing, while **Kühtai, Skizentrum Schlick 2000** and **Rangger Köpfl** offer night tobogganing - a special experience on a starry winter night. In addition, the **all-in pass** with a wide range of **cultural and sightseeing offers** also brings a high added value for those winter holidaymakers who do not want to spend quite as much time on the slopes. The **SKI plus CITY Pass Stubai Innsbruck** provides guests with the chance to use the best alpine and urban offer as easily and flexibly as possible. **The maximum of options with minimal effort** - that's what makes a holiday with SKI plus CITY unique!

Greatest variety and non-stop

One day you want winter action, the next day relaxation. This does not have to be mutually exclusive with the SKI plus CITY Pass Stubai Innsbruck. Quite the opposite! Collect kilometres of slopes or rather soak up the sun? Admire Renaissance artists and later, when the sun does emerge from between the clouds, make a few turns in the snow? The SKI plus CITY Pass Stubai Innsbruck offers **a variety of programmes for all requirements and wishes - from juniors to seniors**. While the sports enthusiasts hit the slopes from morning to night, the others can pursue the temptations of the city stress-free and in peace. Take the bus directly into the city, enjoy the hustle and bustle of the city with coffee and apple strudel and then **explore the varied history of Tyrol** in the museums included in the pass or visit the **world-famous Swarovski Crystal Worlds**.

Exciting experiences – even off the slopes

A total of **22 adventure offers** are included in the SKI plus CITY Pass Stubai Innsbruck: exciting sightseeing, cultural fun in all its facets and Innsbruck's famous alpine-urban lifestyle. This makes the pass particularly attractive for enterprising people and families who value colourful daytime entertainment. These include **Innsbruck cultural highlights** such as the **Imperial Palace**, **Ambras Castle Innsbruck**, **four Tyrolean state museums** or famous hot spots such as the **Bergisel ski jump**, the **Swarovski Crystal Worlds** and the **Alpine Zoo**. And the **Sightseer Hop-on Hop-off bus** included in the pass takes you comfortably and directly to all attractions. This makes the pass extremely attractive for adventurous people and families who value varied daily entertainment.

Children in particular get their (parents') money's worth with the adventurous cultural and lifestyle offerings. Little heroes who need a break from the slopes can experience lynxes, moose and wild boars playing in the snow at the Alpine Zoo. The knights' armor at Ambras Castle and the light installations by **Lumagica in Innsbruck's Hofgarten** also do their bit to keep the whole family happy. And if you really want to relax after all the fun on the mountain and in the city, you can swim a few laps in the pool - **the StuBay adventure pool** is also included in the SKI plus CITY Pass Stubai Innsbruck.
